SweetGeorgia Yarns

SweetGeorgia Yarns is an artisan yarn company that makes exquisite hand-dyed yarns for knitting and fibres for spinning. Their workspace in Vancouver, BC is where Felicia and her team dye all their yarns which grew from it's beginnings at her dinning room table back in 2005.

With her degree in Pharmacy, SwetGeorgia Yarns is the perfect blend of design, art, chemistry and technology that she had been looking for.

These saturated colors will be coming here to Wool & Honey in a luxurious array of yarns and fibers accompanied by breathtaking patterns designed specifically for these yarns. Mark your calendars to be sure you get your unique SweetGeorgia items as these items will move fast!
