SweetGeorgia Yarns

SweetGeorgia Yarns is an artisan yarn company that makes exquisite hand-dyed yarns for knitting and fibres for spinning. Their workspace in Vancouver, BC is where Felicia and her team dye all their yarns which grew from it's beginnings at her dining room table back in 2005.

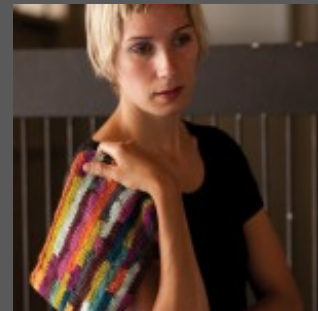

With her degree in Pharmacy, SweetGeorgia Yarns is the perfect blend of design, art, chemistry and technology that she had been looking for.

These saturated colors will be coming here to Wool & Honey in a luxurious array of yarns and fibers accompanied by breathtaking patterns designed specifically for these yarns. Mark your calendars to be sure you get your unique SweetGeorgia items as these items will move fast!

Christmas in July

Bare North was born of Amber's love for Northern Michigan (being a Traverse City native herself), coupled with the determination that handmade is better and natural is healthy. These Michigan themed soaps embody all that Northern

Michigan, and specifically the Grand Traverse region is famous for. These ingredients are all naturally derived products, unless otherwise specified, with natural soaps totally free of any synthetic scents, fragrances or added colorants.

Soaps, lip balms, perfumes, body butters & sunburn relief - all perfect additions to pamper yourself this summer!
