Hiya, knitters!

Happy Spring! It's officially here! And what would a Northern Michigan spring be without a forecast of 6-10 inches of snow? Yup. That's what's headed our way this evening. (Think of it as more knitting time!)

We've been thinking spring for a long time (we've been ordering up springy yarn left and right), which means we've got to make room! There are beautiful pattern books (Debbie Bliss *Prima*, anyone?) that for 50% off are a *steal*--**12 patterns for \$9.95**. Yarns that will be up to 75% off! Take advantage of these fantastic deals by getting a leg up on your next project, rounding out your library or saving yourself some knitting time by purchasing a retired shop sample. (Read more details below.) This sale is for one evening only, but don't wait for these good deals--***there won't be another sale until fall!*** (There will, however, be lots of new yarn coming in just a few short weeks!)

Our next email will be chock-full of springy news--frequent customer cards, spring yarn, new designers and a birthday party that even includes gifts for you. (**Mark your calendars now for Saturday, April 16th!**)
